

FIRST LOOK

Build the Megabank Engine

Introducing MonetizeIQ

The relationship-monetization operating system that lets community banks and credit unions run the same signal-to-offer-to-campaign playbook megabanks execute daily.

THE MEGABANK ENGINE

LIVE BUILD

Signal

Buying, growth & attrition signals in your core

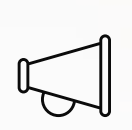

Offer

A fine-tuned offer, priced to the relationship

Relationship Tier

Tied to households, tenure & deposit growth

Campaign

Packaged and ready to launch at scale

WHY WE ARE GATHERING

The signal is already in your data.

For years, megabanks turned these signals into fine-tuned offers, tied to relationship tiers, and packaged them into campaigns at scale. Community banks and credit unions couldn't access this playbook — until now.

We're bringing together an intimate group of senior leaders for a focused strategic unveil and working session. You'll see how to move from transaction-based loyalty to relationship-based loyalty, and leave with a concrete playbook you can execute.

WHAT TO EXPECT

Hosted by StrategyCorps & R&T

3:00 PM

WORKING SESSION

Strategic Learning Session

The market shift from transaction-based to relationship-based loyalty, a first look at the MonetizeIQ engine with a live build, and a working session on the growth and deposit challenges your institution is solving for right now.

5:30 PM

RECEPTION

Networking Cocktail

The session closes with a curated cocktail reception at an exclusive venue - drinks, food, and conversation with the StrategyCorps team and senior leaders from peer institutions.

Hosted by StrategyCorps. Final agenda subject to minor adjustments per city.

10 cities. Two weeks. One conversation that meets you where you are.

Choose the city nearest you or a place you'd like to visit. Spaces are limited per stop — invitations are confirmed on a first-come basis.
