EXPERIENCE

Senior Web Developer (Contract)

NextGen Web Consulting LLC (Upcraft Media, ExpediaParts)

May 2026 - Current - Remote

- Develop scalable web applications using React, TypeScript, JavaScript, WordPress, and Marketo.
- Build reusable frontend components and frameworks supporting rapid deployment across multiple client implementations.
- Integrate enterprise platforms including Salesforce, GA4, marketing automation systems, and third-party APIs.
- Implement CI/CD workflows, Git-based development practices, and AI-assisted engineering tools to accelerate delivery and code quality.

Front-End / Design Technologist

Drum Channel

Aug 2023 - Present - LA, CA

- Built and maintained responsive React-based user interfaces supporting a digital learning platform serving 130K+ users.
- Developed reusable UI components and frontend workflows for dashboards, courses, membership experiences, and learning tools.
- Integrated REST APIs and third-party services (Learndash, GravityForms) to deliver dynamic content and personalized user experiences.
- Collaborated closely with product managers, designers, and engineers to translate business requirements into scalable frontend solutions.
- Improved engagement metrics by 2x through frontend performance optimization, UX enhancements, and accessibility improvements.
- Contributed to Git-based development workflows, code reviews, testing, and production deployments.
- Leveraged Claude, Cursor, and ChatGPT to accelerate development, debugging, testing, documentation, and code review workflows.
- Developed GA4 and Looker Studio reporting solutions used to track engagement, retention, and business performance metrics.

Front-End Developer (React / Design Systems)

Apple (Contract), Agavos Group, Visual Studio Engineer

Feb 2023 - Oct 2023 - LA, CA

- Developed reusable React and Next.js components aligned with enterprise design systems and scalable internal tooling workflows using Retool and Airtable.
- Contributed to CI/CD deployment workflows and frontend performance optimization.
- Collaborated with cross-functional teams to deliver polished, production-ready front-end experiences

Front-End Developer (Angular / Internal Tools)

First Republic Bank, ImForza

May 2022 - Oct 2022 - San Francisco, CA

- Collaborated with backend teams to integrate APIs and enterprise systems.
- Built scalable internal applications supporting financial operations and reporting.
- Developed responsive, accessible interfaces for enterprise users.

UI Developer (Vue / E-Commerce)

Antares Audio Technologies (Auto-Tune)

Aug 2021 - April 2022 - San Francisco, CA

- Developed interactive Vue.js UI components supporting global product launches
- Delivered high-performance front-end builds for marketing and e-commerce experiences

jen.lee.beaver@gmail.com

+1 (805) 794-4313

San Diego, CA

Frontend

React, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, SASS, Tailwind CSS, Responsive Design, Figma

Architecture & Development

Component Libraries, Design Systems, Frontend Architecture, State Management, REST APIs, Micro-Frontend Concepts

Testing & Quality

Accessibility (WCAG), Cross-Browser Testing

DevOps & Collaboration

Git, GitHub, CI/CD Pipelines, Agile Development, Code Reviews

CMS & Platforms

WordPress, Gutenberg, Sanity CMS, HubSpot, Marketo, GA4, Looker Studio

AI-Assisted Development

Claude, Cursor, ChatGPT, AI-Powered Code Generation, Prompt Engineering

EDUCATION

MACHINE LEARNING CERTIFICATION

UNIVERSITY OF CALIFORNIA, SAN DIEGO

2025-2026, SAN DIEGO, CA

FULL STACK SOFTWARE ENGINEERING CERTIFICATION

FLATIRON SCHOOL

2021, REMOTE

B.A. MUSIC PERFORMANCE

UNIVERSITY OF CALIFORNIA, SANTA CRUZ

2016, SANTA CRUZ
